no-more-pain ... - Pain is a  
distressing feeling often caused  
by intense or damaging stimuli.  
The International Association for  
the Study of Pain's widely used  
definition defines pain as "an  
unpleasant sensory and emotional  
experience associated with actual  
or potential tissue damage, or  
described in terms of such  
damage"; however, due to it  
being a complex ... Mon, 16 Apr
