PDF (1480K) Get PDF ...  
Sat, 10 Mar 2018 18:17:00 GMT Current approaches to seasonal to interannual climate ...  
impacts on Earth's climate can be predicted (at least partly) up to

certain lead times even if all anthropogenic radiative forcing is fixed at current levels during model forecasts. This provides hope for enhanced prediction of climate anomalies (interannual variations + warming trend) under the increasing GHGs forcing. Impact of Global Ocean Surface Warming on Seasonal-to ...
